Additional Information and Endnotes

- ▶ In compliance with U.S. Securities and Exchange Commission requirements, Fidelity regularly provides you with documents that describe the various accounts and services that Fidelity offers. The Customer Relationship Summary (CRS) is provided in printed statements mailed at quarter-end and made available as a link in email notices of statement delivery. This and other important disclosure documents, including the Products, Services, and Conflicts of Interest (PSCOI), may be updated periodically and are available to you for review online at <https://communications.fidelity.com/information/crs/>. In addition, you may contact Fidelity to request a printed copy at any time. 919834.7.0
- ▶ Securities purchased on margin are the firm's collateral for the loan to you. The actual amount you can borrow and the firm's margin maintenance requirements may vary depending on the firm's internal margin policies which exceed the margin requirements of FINRA and NYSE. The firm's margin policies are subject to review and revision at any time in the firm's sole discretion. The firm reserves the right to alter the terms on your margin loan at any time to comply with changes in the firm's policies. If the securities in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin.

(3) THE FIRM CAN SELL YOUR SECURITIES OR OTHER ASSETS WITHOUT CONTACTING YOU. (4) YOU ARE NOT ENTITLED TO CHOOSE WHICH SECURITIES OR OTHER ASSETS IN YOUR ACCOUNT(S) ARE LIQUIDATED OR SOLD TO MEET A MARGIN CALL. (5) THE FIRM CAN INCREASE ITS "HOUSE" MAINTENANCE MARGIN REQUIREMENTS AT ANY TIME AND IS NOT REQUIRED TO PROVIDE YOU ADVANCE WRITTEN NOTICE. (6) YOU ARE NOT ENTITLED TO AN EXTENSION OF TIME ON A MARGIN CALL.

NFS can loan securities held in your margin account, which collateralize your margin borrowing. Short selling is a margin account transaction and entails the same risks as described above. In addition to market volatility, the use of bank card, checkwriting, and similar features with your margin account may increase the risk of a margin call. - ▶ National Financial Services LLC ("NFS") an affiliate of Fidelity Brokerage Services LLC (FBS) provides custody and clearing services on behalf of FBS. In that capacity, NFS is required to provide you with written notice on the manner in which you may gain website access to information regarding NFS' Impartial Callable Securities Lottery Process (the "Lottery Process").

We are also providing you with the following description of the Lottery Process: When street name or bearer securities held for you are subject to a partial call or partial redemption by the issuer, National Financial Services LLC (NFS) may or may not receive an allocation of called/redeemed securities by the issuer, transfer agent, and/or depository. If NFS is allocated a portion of the called/redeemed securities, NFS utilizes an impartial lottery allocation system, in accordance with applicable rules, that randomly selects the securities within customer accounts that will be called/redeemed. NFS' allocations are not made on a pro rata basis and it is possible for you to receive a full or partial allocation, or no allocation.

A more detailed description of the Lottery Process may be accessed by visiting [Fidelity.com/callable-securities](https://www.fidelity.com/callable-securities). Additional Information About Your Brokerage Account, If Applicable

Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncleared checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core position and have the proceeds sent to you or held in your account subject to the terms of your account agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use this free credit balance in connection with its business, subject to applicable law. **Assets Separate from Your Brokerage Account** Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, which may be reported on your statement, including insurance products that are distributed by FBS and Fidelity Insurance Agency, Inc. and mutual fund only accounts held directly with the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, not covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements. **Short Account Balances** Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes, and any increase or decrease from the previous week's value is transferred weekly to your margin account. Fidelity represents your short account balance as of the last weekly mark-to-market, not as of the statement end date. **Information About Your Option Transactions** Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are allocated among customer short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information, please call Fidelity at 800-544-6666. **Equity Dividend Reinvestment** Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC). **Price Information/Total Market Value** The Total Market Value has been calculated out to 9 decimal places; however, the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency with which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. The prices provided are not firm bids or offers. Certain securities may reflect N/A or unavailable where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not closely reflect the value at which the security may be sold or purchased based on various market factors. The sale or redemption of any fixed income security prior to maturity may result in a loss. Prices for Certificates of Deposits (CDs) on your statement are generally estimates and are not based on actual market prices. The secondary market for CDs is generally illiquid. You should always request a current valuation for your securities prior to making a financial decision or placing an order.

using the FIFO method if shares were purchased at different times or prices. **Statement Mailing** We deliver statements at least four times during the calendar year for any account with a balance.
