**RE: Pension Benefit Inquiry for Defined Benefit Plan**

Dear Mr. Leon:

Pursuant to your recent inquiry, please find an estimate of pension benefits that you are entitled to under your **Defined Benefit Plan** with an effective date of **December 1, 2022**. Our records indicate hours beginning in 1988 and the last reported hours in 2017. I have attached a copy of your work history for review.

Our records indicate the following information in regards to your **Defined Benefit Account**:

Pension Credits	8.10
Vesting Credits	6.00
Pension Benefit	\$762.50 upon attainment of age 62

Based on an effective date of December 1, 2022, and your attainment of age 62/1, your benefit would be in the amount of \$762.50 per month for your lifetime, based on a Single Life Annuity. Once you apply, estimates for Joint & Survivor options will be provided. As a courtesy, I have enclosed a Defined Benefit application with a return self-addressed envelope

In reference to your **Defined Contribution Individual Account**, our records indicate that a distribution was processed January 13, 2016, in the amount of \$15,147.83. Your account balance is \$0.00.

Please be advised that this is **only an estimate**. If further review demonstrates these estimates to be in error, an appropriate adjustment will be made. All benefits are subject to Trustee approval.

Once you receive this letter and you have any questions, please do not hesitate in contacting me @ (626) 646-1080 ext.8213.

Sincerely,

  
Sheila Dill  
Pension Manager
