

Greetings,

Please advise on the distribution of my Nextera Employee Pension Plan. I was notified by Nextera Energy Retirement Service Center of this plan in late November 2020, as I was turning 65 years old in December.

After numerous conversations and emails without a suitable solution, The Retirement Service Center sent me the attached letter on November 3, 2022. The Settlement Agreement does not reference the Nextera Employee Pension Plan, as I was not aware of the Plan at the time of settlement. Without the Nextera Employee Pension Plan and distribution instructions in the Settlement is a QDRO possible? Please advise and assist.

Thank you

George Kuhn
