Your Transactions During This Statement Period

Transaction Date	Transaction	Investment Fund	Unit(s) this Transaction	Unit Value / Interest Rate ⁽²²⁾	Dollar Amount of Transaction
------------------	-------------	-----------------	--------------------------	--	------------------------------

No contributions were received on your behalf during this statement period.

Important Tax Information

The Internal Revenue Service (IRS) requires Individual Retirement Annuity (IRA) issuers to report certain information to IRA owners and the IRS on an annual basis. The following information will be furnished to the IRS on IRS Form 5498: Your name, current address, Social Security number, the Fair Market Value of your contract as of December 31, 2020.

Below, we are providing you with the Fair Market Value (FMV) of your IRA as of December 31, 2020. Note that the FMV takes into account the value of any riders, benefits, or other features included in your contract as required by the IRS, and does not represent the value of your contract that is available for withdrawal or surrender.

Fair Market Value: \$67,732.21

Account Value: \$67,732.21

The account value (also known as contract value) represents the cash value of the contract (before any applicable surrender, contract or other termination charges, or any applicable market value adjustments) as of December 31.

If you made any regular or rollover contributions to your IRA during the year, you will receive an IRS Form 5498 for this IRA in May. Otherwise, you will not.

NOTE: For contracts with certain optional riders, cumulative withdrawals in a contract year that exceed your applicable dollar-for-dollar withdrawal rate will reduce your applicable 'benefit base' on a proportionate basis, which may significantly reduce your future benefits. See your contract for additional details.

FOOTNOTES/DEFINITIONS: (If Applicable)

(*) Any Investment that makes up less than 5% of your Asset Allocation is identified in the pie chart as "Other". Multiple investments less than 5% will be shown in one pie segment. Actual allocation is identified in the Asset % section of your statement.

(1) May not represent amount you would receive if monies were withdrawn from your account. Please see your contract and prospectus for an explanation of any possible withdrawal charge.

(2) Gain/Loss reflects past performance and there can be no guarantee of future results, except for the Fixed Interest Account. The account balance of your Investment Division may be more or less than your contributions, less prior withdrawals. The gain/loss column reflects performance, fees, and charges used to calculate the daily unit value, and includes certain fees and expenses associated with the determination of the values (where applicable), including: Separate Account Charges (General Administrative Expense Charges, and Mortality and Expense Risk Charges), Investment Related Charges (Management Fees, Portfolio Operating Expenses, and 12b-1 Fees), and charges for taxes or reserves used in determining daily unit values that are factored into the "Unit Values." All charges and fees may not apply, please refer to your contract.

(6) The value shown is calculated once per quarter based on your contract anniversary. Any death benefit amount paid will be determined when a death claim is submitted and received in good order.

(20) This column reflects Withdrawals from the contract, Account Reduction Loan Initiation Fees, and Annual Account Reduction Loan Maintenance Fees. All charges and fees may not apply, please refer to your contract.

(21) This column reflects Early Withdrawal Charges, Annual Contract Fees, Administrative Fees, Exchange Fees for Deferred Annuities,

Issue Date	Account Number
02/01/2001	9808 AB

Surrender Fees for Deferred Annuities, Guaranteed Minimum Income Benefit ("GMB") Rider Fees, Lifetime Withdrawal Guarantee Benefit ("LWGB") Rider Fees, Front End Sales Charges, and Specialty Charges that may apply in certain instances. All charges and fees may not apply, please refer to your contract.

(22) Unit Values/Prices are carried out to eight decimal places on our administrative system. Please note that Unit Values/Prices shown here reflect only the first two decimal places. Consequently, any account balance computed by multiplying the values and units shown on this statement may not exactly equal the account balance indicated. The administrative system value is your actual account value.

Please review your statement carefully. Please notify us of any errors regarding any transaction in your account for which you have received a confirmation within 60 days of the receipt of your confirmation. Please notify us of any other error in your account within 60 days of your receipt of this statement. Your notification of an error must be received in writing. If we are not notified of an error in your account within the timeframes set forth above, any corrections will be made at the unit price(s) calculated on the date that we receive notification.

You should follow up any oral notice of an error that you provide to us with a written confirmation of the notice.

The Maturity Date is the date when you must decide whether or not to annuitize your contract. Your contract will be annuitized on the Maturity Date unless you elect to defer the Maturity Date (if applicable) to a later date, or withdraw your entire account value.

Metropolitan Life Insurance Company ("MLIC") confirms the transactions shown as issuer and agent for the variable separate account. MLIC is providing this confirmation on behalf of the distributor, MetLife Investors Distribution Company, or your retail broker dealer.
